

## Thredbo Groups- Essential Information

Welcome to Thredbo, we are excited your group is visiting us this summer. This covers information for your group to have a memorable time.

### Lift Pass Collection:

Your lift passes collection can be made from the Thredbo Sports Store at Valley Terminal.

If you are participating in a guided hike we ask you to meet our guides 15 minutes prior to your scheduled departed time on the grass area to the right of the Valley Terminal Guest Services.

### What to Wear:

Many students are not properly equipped for a walk in the alpine zone. It is essential that teachers make everyone aware how quickly the weather can change and to be prepared for any conditions. Blizzards and cold winds at below zero temperatures are not uncommon in summer in the mountains. These conditions can be enjoyed if people are properly prepared.

It is essential that all Student & Teachers have waterproof gear as the weather conditions in the mountains can change rapidly.

Thredbo Sports at Valley Terminal has a range of waterproof jackets, pants and après boots available for rental that are suitable for school groups.

Please contact Thredbo Groups on (02) 6459 4157 or via [groups\\_thredbo@evt.com](mailto:groups_thredbo@evt.com) to add waterproof gear to your order:

- Waterproof jacket and pants for the cost of \$10.00 per person.
- Waterproof jacket, pants and après boots for the cost of \$20.00 per person.

### **Note:**

Upon your arrival if the guides or lift department deem anyone not dressed appropriately for the conditions, the cost to add waterproof jacket and pants will be charged at the retail rate of \$15.00 per person.

**Kosciuszko Thredbo Pty Ltd and Thredbo Mountain Operations make the final decision on whether anyone is not properly equipped for the day, which may result in a student having to miss an activity.**

### **What to Bring:**

- Waterproof jacket and pants
- Warm jacket and a warm wool or fleecy jumper (Mid Layer)
- Solid walking shoes, preferably boots (no sandals) (No Open Footwear)
- Hat, sunglasses and SUNSCREEN
- Water - at least 1 litre per person
- Lunch and snacks
- Gloves and warm hat
- Daypack to carry the above
- Insect repellent (optional)
