### **Information:**

It is **essential** that all student and teachers have waterproof gear as the weather conditions in the mountains can change rapidly.

Thredbo Sports at Valley Terminal has a range of waterproof jackets and pants available for rental, suitable for school groups.

For pricing please contact Thredbo Groups on (02) 6459 4157.

Many students are not properly equipped for a hike in the alpine zone. It is essential that teachers make everyone aware how quickly the weather can change and to be prepared for any conditions. Blizzards and cold winds at below zero temperatures are not uncommon in summer in the mountains. These conditions can be enjoyed if people are properly prepared. The guides make the final decision on whether anyone is not properly equipped for the day, which may result in a student having to miss an activity.
