SCHOOL GROUPS IN 2020

SNOW SPORTS LESSONS

Thredbo Snow Sports are the team you need to guide you from gentle green beginner runs all the way through to black diamond trails. There are over 200 experienced instructors from all corners of the globe teaching kids, teenagers and adults the skills you need to have fun on the slopes.

As per the NSW department of education's sport safety guidelines it is mandatory for all students to have an assessment lesson by qualified instructor(s) at the commencement of the program. It is also mandatory that all students have a two hour lesson each morning of the program. Schools are to include afternoon lessons in the program for beginner level students. There are four School group levels range from first timer to advance.

Level	Ski	Snowboard
First Timer	1st time skiing or cannot stop on the flat snow	1st time snowboarding
Beginner	Student can snow plough stop and snowplough turn without falling over on beginner runs (eg. Friday Flat)	Student can slide slip on heel side and toe side edges. Confident on beginner run (eg. Friday Flat).
Intermediate	Student can finish every turn parallel. Confident on all green runs without falling over.	Student can confidently link turns on green runs (Eg Merritts).
Advance	Student can make full parallel turns on blue runs and above.	Student can confidently turn on blue runs and above.

Students will be divided into groups with similar ability levels with supervisor: instructor to student ratio not exceeding 1:12 In some cases groups may consist of combined levels. For example a group of 36 students will be split into 3 groups and assigned 3 instructors. Assigned instructors may change over a period for school groups that are participating in multiday lessons. If a student is not capable of the level indicated they will be moved to the level below.

Further information regarding the guidelines can be found via the link below.
